Deer Class – Daily Learning Update (Thursday)

Morning Circle

Today during Morning Circle, the children shared their holiday experiences and talked about things they enjoyed doing with their families. We also reviewed the animal sentences and songs we have been practising this week. The class enjoyed singing together and adding fun animal dance moves.

Phonics

Red Group

Began by reviewing previously learned letter sounds and practising blending. One group focused on blending activities using magnetic letters. The second group worked on reading the book Put It On, practising blending and segmenting three and four letter words.

Green Group

Learned the Set 2 sound “ar.” Using the rhyme “ar, start the car,” practised reading part, car, card, and star. Reviewed previously taught sounds and green words. Used Fred Fingers to count sounds and write words.

Orange Group

Focused on the “aw” sound, as in yawn and dawn. Practised reading yawn, dawn, straw, and paw. Session concluded with reading this week’s book, A Bad Fright.

Self Exploration

Children explored different classroom stations and worked collaboratively. A small group completed a number sequencing activity with Teacher Phil, arranging number words from one to ten in correct order.

Outdoor Play

Children enjoyed active outdoor play with opportunities to run, climb, and play group games together.

Mathematics

Children focused on recognising and learning written words for numbers one to five, connecting number words with quantities they represent.

Chinese Class - Spring Wind and Rain

Children listened to audio clips of wind and rain, using sentence starter “我听到……” to guess what they heard. Looked at spring scene pictures using “我看到……” to describe them.

Used measure words — 一棵, 一只, 一朵 — extending sentences like “我看见/听见 一棵/一只/一朵 树/小鸟/花.”

Observed Chinese characters “风” (wind) and “雨” (rain), thinking about how character forms relate to real natural scenes.

Lunch & Nap

Children enjoyed lunch together before settling down for a well-earned rest.

PE Class

In PE with Leo, children took part in an energetic activity jumping over small hurdles while collecting plastic balls along the course.

Parent Notice

Starting tomorrow: special monthly Birthday celebration for February birthdays. Party-themed clothes welcome!
