Deer Class – Daily Learning Update (Friday)

February Birthday Celebration

Today we celebrated all of the February birthdays at KSS. The children gathered outside with teachers and classmates to sing Happy Birthday. Everyone enjoyed the festive atmosphere, dancing together and sharing lots of smiles. Each child received a small cupcake.

After singing and dancing, the celebration continued with a large open play event. Children visited fun game stalls hosted by different teachers, participated in challenges, won prizes, and enjoyed fresh popcorn.

Self Exploration

After the birthday celebrations, children returned to the classroom for Self Exploration time. They revisited activity stations from previous days, continuing to build their ideas and projects.

Outdoor Play

Children spent time outdoors enjoying active play together. They ran, climbed, and played games with friends while enjoying the fresh air.

Mathematics

During Friday Maths, children worked carefully in their maths workbooks. Today’s focus was sequencing numbers, practising recognising the correct order of numbers.

Lunch & Nap

After the busy morning, children enjoyed lunch together before settling down for a restful nap.

Afternoon Outdoor Play

Following nap time, children had another opportunity to play outside, enjoying running games and climbing activities.

King’s Time

The day finished with our special Friday session called King’s Time. During this free play period, children chose activities they wanted to explore while teachers joined them in play.

Children enjoyed building, reading, creating, and playing imaginative games with friends and teachers.

Special Note

Next Monday please bring any spare binoculars for Miss Sara’s Forest School Bird Watching!
